**AZERBAIJAN
SEA BREEZE**

PROJECT

AZERBAIJAN SEA BREEZE

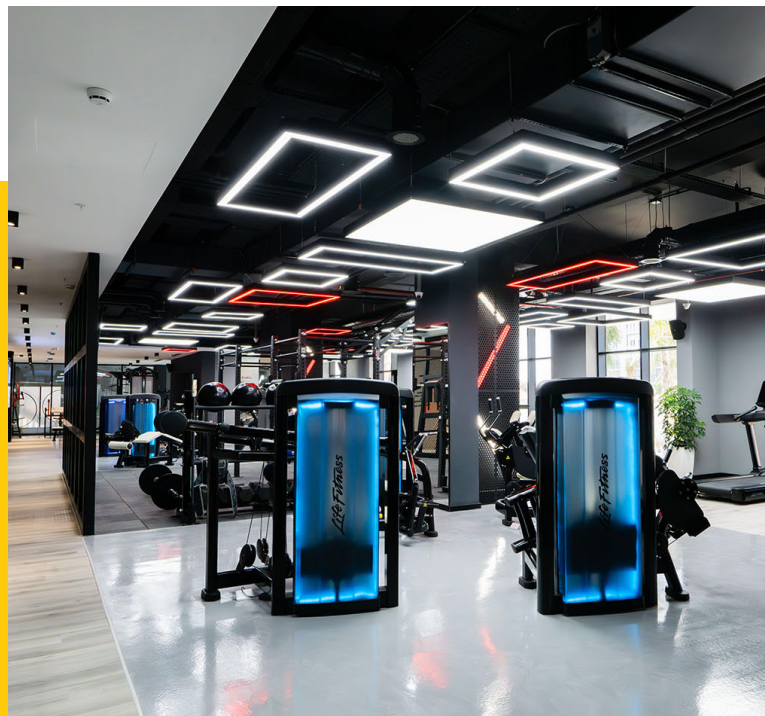

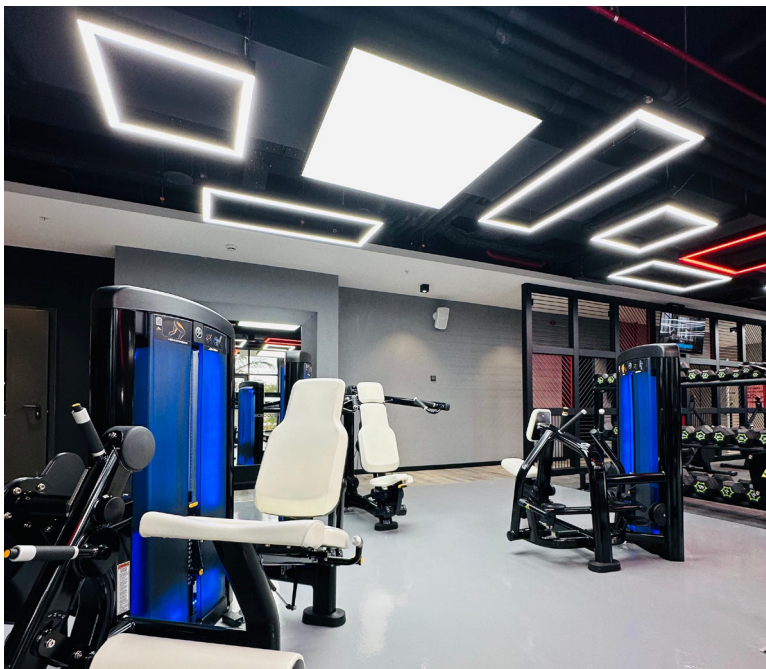

Sea Breeze is a prestigious residential and holiday complex in Azerbaijan that combines luxury and comfort. Covering hotels, villas, apart-hotels, and sports facilities, this large-scale project's lighting solutions were provided entirely by Recta. Standing out with its aesthetics, functionality, and flexible design, Recta delivered customized solutions tailored to the project's needs.

Circa, used in the hotel and gym, complemented the aesthetic integrity of the space, creating a **sophisticated and modern** atmosphere. At the same time, with its **functionality** and lighting performance, it provided the ideal light levels required for a **comfortable** environment.

In hotel rooms, our **Polaris** product was chosen to harmonize with the interior design. These lighting solutions, **offering both aesthetics and functionality**, were applied in black and gray color options to complement the room décor.

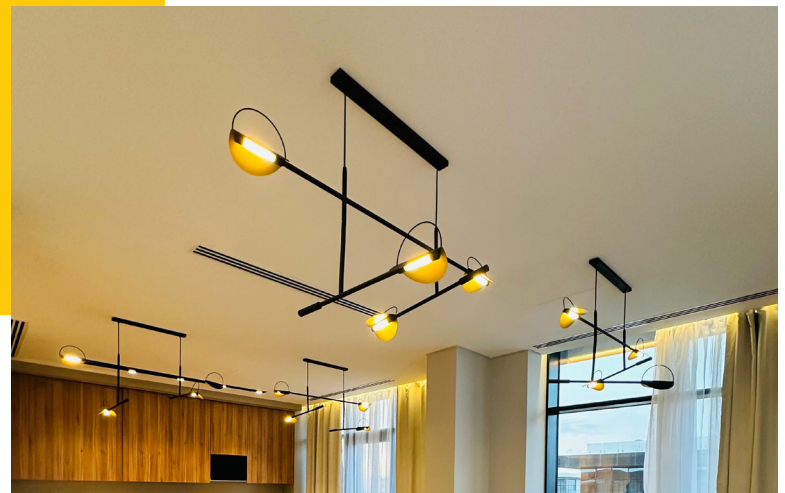

For the general lighting of the gym, our **Quad** product was preferred. As part of the project, **special red lighting solutions** were provided to highlight specific areas and add a sophisticated ambiance to the space.

At the entrance of the gym, our **Pieno** product was selected with its custom dimensions and design. Providing **up to 110W high light output** to meet the need for powerful illumination, its innovative design brought a **modern and stylish look to the space**.

For hotel rooms and villas, **two different lighting solutions were customized to blend with the texture of the space.** Our **Pantone** product was specially designed with different interior and exterior surface colors to match the project's aesthetic.

Additionally, **a new pendant luminaire was designed specifically for the project** and integrated into the space to create a holistic lighting solution.

The most widely used and preferred product in the project was **Lisso XS**. Applied in a wide range of spaces, from hotel rooms to villas, gyms, and common areas, it provided comprehensive lighting solutions. In the first phase of the project, 10,000 Lisso XS units were installed, **ensuring extensive and effective illumination.**

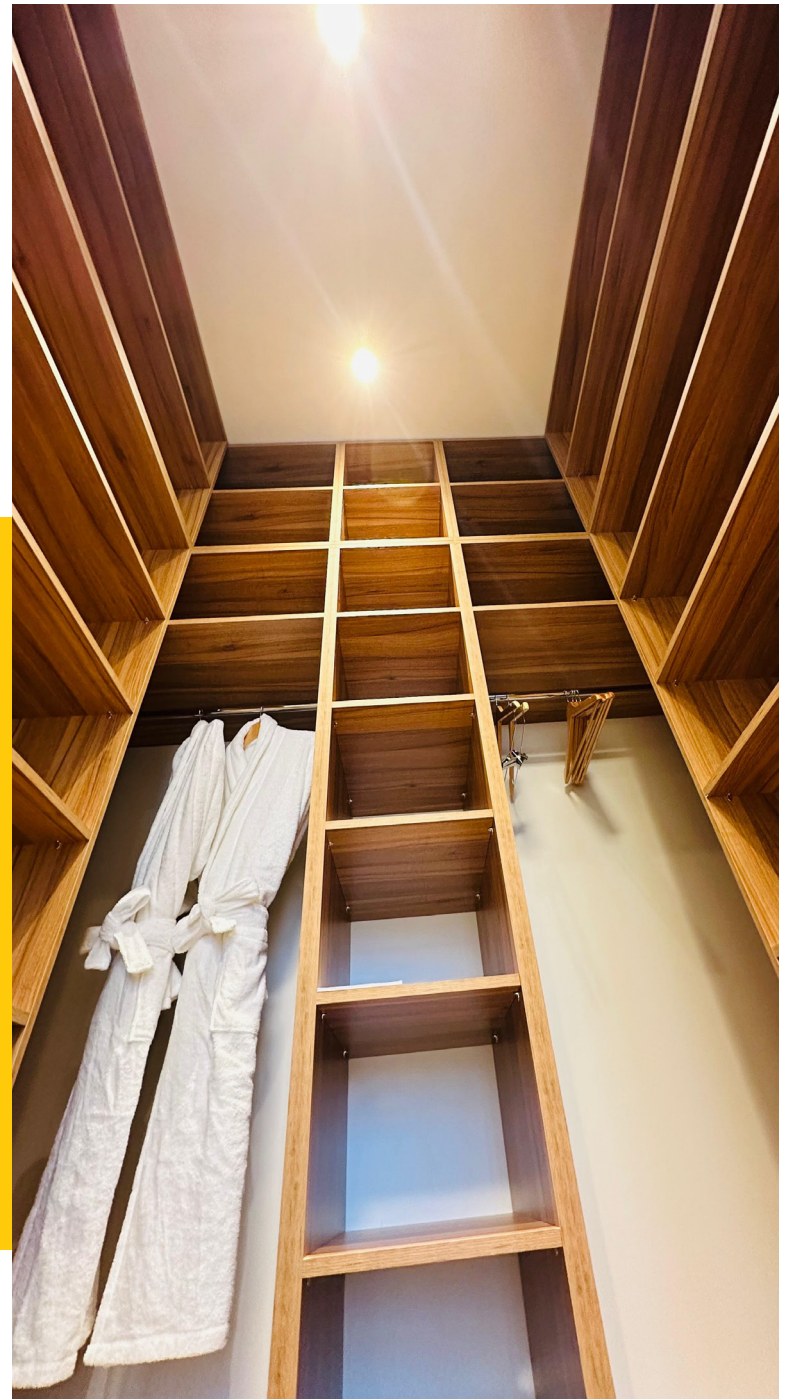

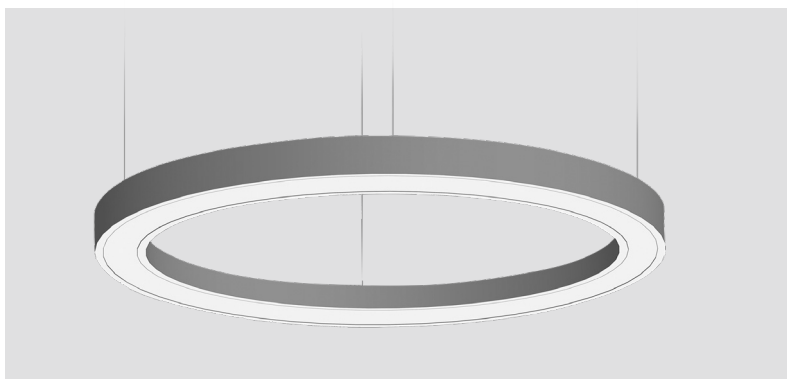

Our **Talia** product was used in various areas, from gyms to hotel rooms. Offering flexible usage with **single and dual options**, its **adjustable head design allowed for precise light direction**.

Our **Bella** recessed and surface-mounted models provided flexible lighting solutions tailored to the needs of hotel rooms.

To complement the room designs, black and white color options were preferred, combining aesthetics and functionality.

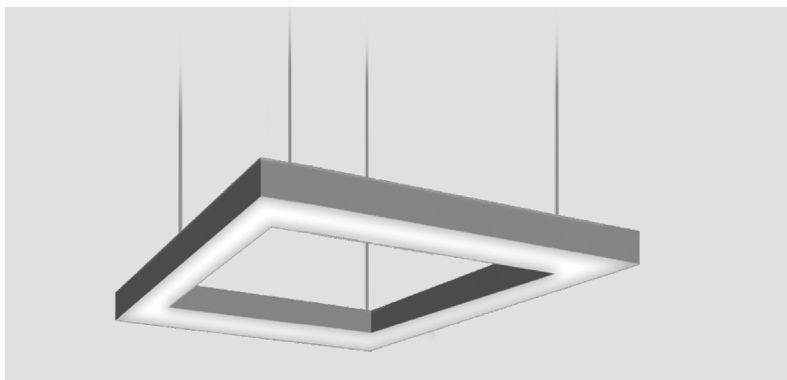

Circa

Power: 32, 50, 75, 100W
Efficiency: Up to 115lm/W
Color Temperature: 3000/4000/6500K
Dimensions: 400x80x80, 600x80x80, 900x80x80, 1200x80x80mm
Beam Angle: 150°
Options: DALI, Emergency Kit

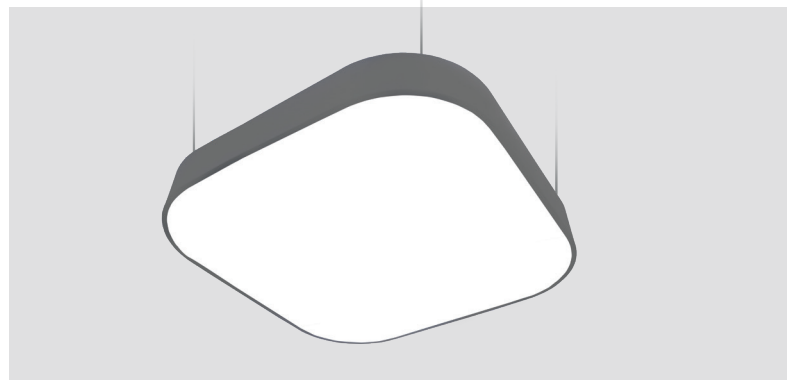

Polaris

Power: 36, 50, 100W
Efficiency: Up to 115lm/W
Color Temperature: 3000/4000/6500K
Dimensions: 400x80, 600x80, 900x80mm
Beam Angle: 150°
Options: DALI, Emergency Kit

Quad

Power: 36, 50, 100W
Efficiency: Up to 115lm/W
Color Temperature: 3000/4000/6500K
Dimensions: 400x80, 600x80, 900x80mm
Beam Angle: 150°
Options: DALI, Emergency Kit

Pieno

Power: 50, 105W
Efficiency: Up to 115lm/W
Color Temperature: 3000/4000/6500K
Dimensions: 600x600x80, 900x900x80mm
Beam Angle: 150°
Options: DALI, Emergency Kit

Pantone

Power: E27
 Efficiency: -
 Color Temperature: -
 Dimensions: 400x230, 500x300mm
 Beam Angle: -
 Options: RAL Code

Lisso

Power: 8, 20, 30, 35W
 Efficiency: Up to 104lm/W
 Color Temperature: 3000/4000/6500K
 Dimensions: 90x85, 100x82, 144x136, 178x142mm
 Beam Angle: 15° , 30° , 45° , 60°
 Options: DALI, Emergency Kit, CRI90

Talia

Power: 8,30,35W
 Efficiency: Up to 107lm/W
 Color Temperature: 3000/4000/6500K
 Dimensions: 100x100, 140x140, 160x160x150,
 180x180x150mm
 Beam Angle: 15° , 30° , 45° , 60°
 Options: DALI, Emergency Kit, CRI90, RAL Code

Bella

Power: 8,11W, Gu10
 Efficiency: Up to 106lm/W
 Color Temperature: 3000/4000/6500K
 Dimensions: 95x120, 140x80, 80x170mm.
 Beam Angle: 18° , 24° ,36°
 Options: DALI, Emergency Kit
